

Mrs. Renken's Summer Art Challenge 2021

Attached is a summer drawing challenge sheet. It contains 80 days worth of summer themed drawing prompts. Most are not difficult at all. If you feel like being challenged and becoming a better drawer, see how many you can complete!

There are three levels to shoot for....

- The highest level is achieved by completing all 80.
- The second level is achieved by completing 50.
- The third level is achieved by completing 30.

Prizes will be awarded (several weeks after we come back to school in the fall) to students who achieve the different levels. For those that chose to participate, your sketchbooks will be due by your second art class of the new year. They will not be accepted after that date.

The rules are as follows....

- You do not have to draw the items in the order that they appear on this sheet. However, at the top of each page of your sketchbook that you complete a drawing on, you must write out the drawing challenge as seen on the handout. You may use the back of your art class sketchbook from this year or a different inexpensive sketch book. Do not use a lined notebook.

- Only one drawing per page ... You may use the front and back of each page.

- You must show effort. Just as with all our art projects in school, I

do not grade you on your ability but rather your effort ... Effort is what counts..... The effort to do the best you can!!!! You need to add color. Please use colored pencils. Do not color in with markers.

I hope to see many drawing challenge sketchbooks in September!!
Happy summer and happy drawing!!!

Mrs. Renken

1. A treehouse
2. A bird
3. A pair of cowboy boots
4. A ladybug
5. A bat and baseball
