

Dear almost first graders!  
Welcome to our class!

I have a reading project for you to do over the summer.

### **Reading**

“Have a ball reading!” I am sending home a beach ball to motivate students to read over the summer. They may fill in the title of a book in each colored section. Bring the ball back at the beginning of school next year and receive a treasure box treat! It is important to keep this momentum going over the summer. Please take a few minutes to read to/with your child every day. The Washington County Free Library usually has a summer reading program that would also be a good incentive for your child.

See you soon!

Mrs. Forsythe and Mrs. Harbert
